↔ WEB EXPERIENCE

Over nine years I have accumulated a vast knowledge of code languages and editors. I pride myself in keeping up to date with the latest technologies. Listed below are a few I consider by far my strongest areas.

💼 PAST EMPLOYERS

Remarkable Internet (2012 - Present)

Working with Remarkable has been, and still is, a privileged and phenomenal experience. They valued my work so highly that they ensured a position was available for me through my time at university so I could maintain an income while keeping my skills razor-sharp.

Throughout the years I have been given the opportunity to design and build numerous websites, with the freedom to make decisions that I saw appropriate. This included maintenance sites too, competence is a vital skill, with hundreds of people using the site at any one time mistakes were not an option.

🔑 NOTABLE BUILDS

Remarkable Internet

Totally redesigning Remarkable was one of my favourite works. I was given full responsibility to design and build the site. This allowed me to produce really impressive pieces, drawing heavily from animation techniques.

<http://remarkable.net>

Roman Originals

This client was specific in their own design so I was able to focus on the code itself, ensuring it was to the highest standard and integrated the latest and best practices.

<http://romanoriginals.co.uk> (Co Remarkable)

Yours Clothing

My new build for this website incorporated a full responsive solution, allowing for a desktop/mobile editable in one single project. Before code had to be duplicated to two versions.

HELLO!

My name is **Andrew Beniston** and I am an experienced **cinematographer** from Leeds. I thrive from taking an idea and making it become reality through smart, experienced and effective decision making.

Moreover I am also a very well established **web developer** with over **nine years of experience**. I have personally headed up the design and build of multiple websites with over multi-million pound yearly profits.

I am **extremely passionate** about my work and feel **very confident** in handling any dynamic, constantly changing situation.

Most of all **I enjoy life** and inspiring others to feel the same is my ultimate goal.

⚡ CHARACTERISTICS

Fiercely Determined	Natural Leadership Skills
Open Minded	Highly Organised
Greatly Motivated	Lightning Fast Adapter
Moral Booster	Ridiculously Curious

⌚ INTERESTS

🧘 Meditation	🏃 Fitness
🎸 Guitar/Piano	㉔ Singing
✈ Travelling	

🎓 EDUCATION

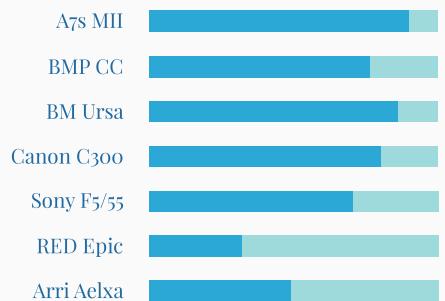

Leeds Beckett University (2015 - Current)

Filmmaking BA

A Levels (A, B, B, C)

📷 CAMERA SKILLS

Being a dynamic cameraman is one of my top priorities. The closer the bar is to the right the more experience and training I have had with that particular model.

▢ POST SOFTWARE

I would happily consider myself to have adept experience of the software listed below. I am competent in others and would be happy to discuss further.
